in the age group of 12-16 years

29 April - 04 May, 2012 & 20 May - 25 May, 2012

**Entrepreneurship
Development
Institute of India**
Ahmedabad, Gujarat

Children develop certain social and life skills naturally as they get exposed to their environment but behaviour traits and talents in children need to be carefully nurtured depending on their personality type. Every child has certain talents and capacities within him/her awaiting an opportunity, and as mentors, it becomes our responsibility to not just draw these out but also rear these in such a manner that they compliment the child's intrinsic personality and at the same time do not intimidate him/her in any manner. Entrepreneurship Development Institute of India (EDI) recognizes the need for providing such a platform to children where they can find their own voice and get determined to achieve without any anxiety or pressure. They develop winning traits, confidence, and a distinct love for learning, thus evolving into a persona that's motivated enough to succeed.

EDI has been conducting the **National Summer Camp on Entrepreneurial Stimulation for Children**, for the last 18 years. The camp curriculum and methodologies have been carefully designed by renowned psychologists and experts in child grooming.

So far, the Institute has conducted 19 batches of the camp on its campus, besides several batches in various regions of the country. 1103 children have benefitted. The Institute now announces 20th and 21st batches of the camp during **29 April – 04 May, 2012** and **20 May – 25 May, 2012**.

Objective:

The objective of the camp is to inculcate the 'Spirit of Enterprise and Achievement' in children so that they target higher-order achievements.

Highlights of the camp:

- 12 to 16 years old children are eligible. The number of participants is limited to 100 only. Adequate arrangements are made for girls, such as appointment of a lady caretaker.
- Since focus is on activities, there is no language bar. However, participants are expected to communicate in either of these languages: English, Hindi or Gujarati.
- Activities include mental gyms, motivation and creativity exercises, puzzles, value education, presentations, learning through success stories, industry visits and 'yoga'.
- The entire group will be divided into two sub-groups of 12 to 14 (Group-A) years and 14 to 16 (Group - B) years.
- A parents' meet will be organized to brief them on their ward's performance and potential.
- Formal and informal interaction with well-known entrepreneurs and achievers from various fields will be organised to motivate the children to target mega successes in life.

Venue:

The camp will be organized at the award-winning EDI Campus, Ahmedabad. Well equipped, AC classrooms with modern amenities will be made available. First 50 participants would be accommodated in AC rooms on twin-sharing basis and the remaining would be provided air-cooled rooms on twin-sharing basis.

Parents Opine.....

"I was kind of unconsciously driving my child into thinking that her only aim in life is to get good grades, and happily felt that this is what it is about success in life. And, I am sorry to state that my child too was falling in this *grade trap*. But now when I see her personality which has undergone so many recognizable changes, I realize how wrong I was with my approach. My child feels good about herself now as she firmly believes that she possesses certain skills which make her unique. She has also herself brought about a change in her attitude and exhibits qualities which surprises me."

Mr. K. Rajeswara Roa
Chief Vigilance Officer,
Container Corporation of India Ltd., New Dell

"I believe sending my son to EDI's summer camp was the best decision taken. My son is noticeably confident and does not crib any more about anything; rather he displays a unique commitment to achieve things with his efforts. He has undergone positive changes and I am grateful to EDI experts for this change in him."
