The Aga Khan Award for Architecture  
1992  
The Entrepreneurship  
Development Institute of India

## Citation of the Award Master Jury

This innovative programme in education and training in entrepreneurship is housed in an open, congenial campus. The fruitful collaboration between the Director of the institute and the architect produced a fine example of a low-cost, low-maintenance building which promises easy replicability. The architect is commended for his confident use of formal elements growing out of the Indo-Islamic architectural heritage. A series of geometrically structured courtyards and loggias are the primary organising framework. The variation of open, closed and transitional spaces provides light and shade, and creates an inviting environment for work, interaction and repose.

## The Aga Khan Award for Architecture-1992

“We shape our buildings; thereafter they shape us.”  
- Winston Churchill

Entrepreneurship Development Institute of India (EDII), Ahmedabad is a national resource institute for entrepreneurship training, education, research and institution building. The Institute is also characterized with a lively and spirited ambience. The spectacular buildings on campus, sport elegant and modern trend of exposed brick construction. The design appeals to the conventional and the contemporary alike. No wonder, EDII has been awarded with the prestigious 'Aga Khan Award for Architecture'. The Award Jury adjudged it to be a place with an 'inviting environment for work interaction and repose.'

Located at a distance of about five kilometers from Ahmedabad Airport, this aesthetically designed campus, amidst verdant surroundings, gets trademarked as an engaging, alluring and a mesmerizing place for teaching, learning, personal and professional growth. Beautifully maintained, and technologically a trendsetter, the EDII campus reinforces a learner-centric environment. While the building and their facilities promote learning in a soothing environment, the green sprawling lawns, tall trees and the unique flora offer a perfect setting of formal and informal interactions.

Facilities on Campus include classrooms, auditorium, conference halls, residential halls, students hostels, canteens and sports facilities with modern amenities and CCTV surveillance.
