## EDII introduces Indian economy as subject

TIMES NEWS NETWORK

**Ahmedabad:** To acquaint students with India's latest entrepreneurship initiatives such as Startup India, the Entrepreneurship Development Institute of India (EDII) has introduced a subject called 'Indian Economy: Government Policy and SMEs' in its two-year Post Graduate Diploma in Management-Business Entrepreneurship (PGDM-BE) programme. To impart understanding of nuances of family business and its inherent untapped potential for growth, the institute has introduced 'Understanding of Family Business' as a core subject this year.

EDII has also extended seed funding of Rs 9 lakh to six students for developing their startup ideas. Among these students, one received Rs 3.50 lakh. Another student got Rs 2.5 lakh and the remaining four students received Rs 1 lakh each, Satya Ranjan Acharya, associate senior faculty at EDII, said on Wednesday.
