

30th & 31st Summer Camps

Entrepreneurial Stimulation for Children
in the age group of 12-16 years

April 30 - May 05, 2017 & May 21-26, 2017

For holistic development of children, they need to be provided with an environment that allows them to experiment with their thoughts, ideas and creativity. In the absence of right stimulus for growth, they will be limited in their ability to perceive, judge and reason. Putting in place the right system, mechanism and methodology to aid their growth can help make achievers out of children.

Over past 23 years, EDII has been giving a powerful platform to children across the nation to evolve, by getting them to know their own personality, factors that affect their development and by imparting them a perspective that shapes their behaviour and responses to different situations.

EDII has been conducting Summer Camps on Entrepreneurial Stimulation for Children with this objective. It has groomed 2,080 children through these National Summer Camps till date. This year the camp, 30th and 31st in the series, has been scheduled during April 30 to May 5 & May 21-26, 2017, respectively.

Objective

The objective of the camp is to inculcate a 'Spirit of Enterprise and Achievement' in children so that they target higher – order achievements.
