Summer Camps on Entrepreneurial Stimulation for Children

Children are quite informed in the present age of information revolution but need a certain direction. As parents we wish our children to make informed choices. This requires careful mentoring to impart a clear understanding and develop in them the spirit of achievement. Children who get groomed under such guidance and motivation reach the zenith in whatever they take up.

Children can be developed if we give them the right platform that hone their strengths. A well structured intervention that aims at imparting applied skills is a proven strategy of developing such a disposition in children.

Over the last 17 years, Entrepreneurship Development Institute of India has been conducting **Summer Camps on Entrepreneurial Stimulation for Children** with this objective. It has groomed 996 children through these National Summer Camps till date. The overwhelming response has compelled us to announce two such camps, the 18th & 19th in the series, which are scheduled during 1-6 May and 22-27 May, 2011.

Objective:

The objective of the camp is to inculcate the 'Spirit of Enterprise and Achievement' in children so that they target higher – order achievements.

Highlights of the camp:

- 12 to 16 year old children are eligible. The number of participants is limited to 80 only. Adequate arrangements are made for girls, such as appointment of a lady caretaker.
- Since focus is on activities, there is no language bar. However, participants are expected to communicate in either of these languages: English, Hindi, and Gujarati.
- Activities include mental gyms, motivation and creativity exercises, puzzles, value education, presentations, learning through success stories, industry visits and 'yoga'.
- The entire group will be divided into two sub-groups of 12 to 14 (Group-A) years and 14 to 16 (Group – B) years.
- A parents' meet will be organized to brief them on their ward's performance and potential.
- Formal and informal interaction with well-known entrepreneurs and achievers from various fields will be organised to motivate the children to target mega successes in life.

Venue:

The camp will be organized at the award-winning EDI Campus, Ahmedabad. Well equipped, AC classrooms with modern amenities will be made available. Parents Opine.....

"By the time a child is 12 years old, he or she has experienced a wide range of emotions and in most cases, they are confused. As parents, teachers, and caregivers we need to help promote our children's emotional development so that they are able to develop healthy relationships with their peers and learn how to manage their emotions effectively. My daughter was an introvert but this camp helped her overcome her drawbacks and made her a confident person."

Vinod K. Mahindra
Chartered Accountant, New Delhi

"It is very heartening to see the positive developments in my son after he's attended this camp at EDI. His self esteem and confidence has been increased. He has also become more social and responsible, takes more initiative and shows more dynamism."
