

**ETCETERA****■ Moving online**

Nord Anglia Education released figures showing that 67,000 of its students globally are using online learning to develop critical skills centred on problem-solving, creativity, well-being, and global citizenship. An analysis of a sample of 2.8 million online learning sessions from over 400 activities showed how students from its 73 schools are also engaging in a wide variety of co-curricular activities.

**■ Blockchain start-ups**

Entrepreneurship Development Institute of India (EDII), Ahmedabad, and Digital University of Kerala (DUK) along with Kerala Blockchain Academy (KBA) have come together under DUK Prajna to launch a certified programme for 'Blockchain Start-ups', which aims to equip start-ups and indivi-

duals with the requisite knowledge, skills, and attitude to launch start-ups in this sector. The first session will begin on June 7 and will be available on: <http://prajna.duk.ac.in>.

**■ Career counselling programmes**

Billabong High international School (BHIS) has announced Career Counselling Programmes that comprise career guidance, advanced skill-building workshops, monthly career exposure calendar & planning, internships and alumni networking opportunities. BHIS has also tied-up with CIALFO for career counselling.

**■ Foundation programme**

JK Business School (JKBS) kicked off its PGDM batch 2021-23 with a 50-day Online Foundation Programme "BUNIYAAD", delivered through Google Classroom, which aims to strengthen the basic concepts of management and bring together students from diverse
