

Entrepreneurship Development Institute of India, Ahmedabad announces

12th Summer Camp on Entrepreneurial Stimulation for Children 1-6 May, 2005

Rationale

Pessimism, discordant thoughts, negativity can make downfall, or should we say, mediocrity in a child inevitable. It requires loads of confidence and energetic thoughts

to make life a statement of success. Most negative thoughts, however, are nothing but mere delusions. However, if not controlled at the right time these can build an environment laden with unhappiness, around the child.

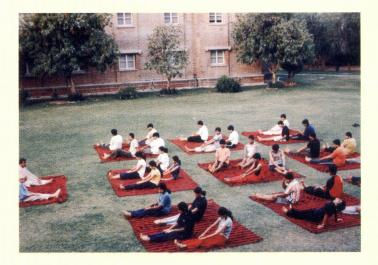

It is, therefore, necessary to monitor all round growth in a child in order to lead him / her to a path of achievements. Inculcating enterprising values such as those of innovation, problem solving, creativity, perseverance and systematic planning have proved to orient students to enviable landmarks. Students living with these values have made a mark in the fields that they have ventured into.

Through National Summer Camps on Entrepreneurial Stimulation, EDI seeks to inculcate high enterprising values in children in the age group of 12 to 16 years. The Institute has been organizing such Summer and Winter Camps for children across the nation for the last eleven years. The camps at EDI, Ahmedabad alone have stimulated 479 children so far towards being entrepreneurial. It now announces the twelfth camp in the series, to be organised during 1-6 May, 2005.

Objective

The objective of the camp is to inculcate high enterprising values among children so that they experience the 'Spirit of Enterprise and Achievement', in all their actions and endeavours in life.

Highlights of the Camp

- 12 to 16 year old children, studying in standard seven to ten, are eligible. The number of participants is limited to about 50 to provide individual attention. Adequate arrangements have been made for girls, such as appointment of a lady teacher.
- Since focus is on activities, there is no language bar. However, participants are expected to communicate in either of these languages: English, Hindi or Gujarati.
- Activities include mental gyms, motivation and creativity exercises, puzzles, value education, presentations, learning through success stories, industry visits and 'yoga'.
- The entire group will be divided into two sub-groups of 12 to 14 and 14 to 16 years age. Some sessions would be joint while others will be split as per development needs of the group.
- A parents' meet will be organized to share with them the experiences of the camp and brief them on the strengths and weaknesses of their ward's performance and potential.
- Formal and informal interaction with well-known entrepreneurs and achievers from various fields is another important activity that gives the children deeper insights into entrepreneurship and motivates them to target mega successes in life.
- Serene campus environment makes a perfect setting for learning.

Venue

Faculty and Achievers

The camp will be organized at the award-winning EDI Campus. Well equipped, AC classroom with modern amenities and comfortable accommodation on twinsharing basis will be provided.

Behavioural scientists, Development psychologists and Entrepreneurship educationists form a part of the faculty group of the camp. Core members of the group are:-

Dr. Sunil Shukla Camp Leader at EDI Head Office address. E-mail: sunilshukla@ediindia.org

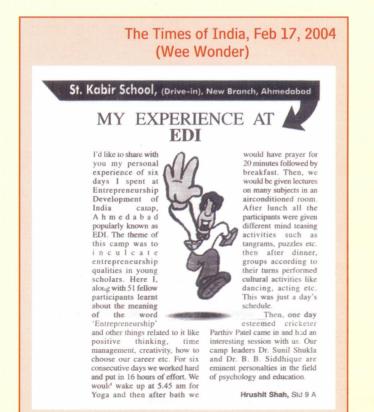

Parents Opine

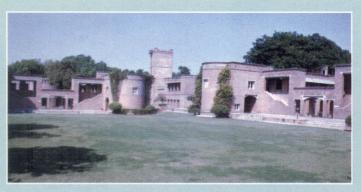

"My son, Shivam has undergone a sea-change. I can see the confidence level boost up and he has already become entrepreneurial in his attitude and style of working. I always wanted to see such a winner's attitude in him and I am glad that EDI could develop that in my child".

> Mr.P.K.Rajput Zydus-Cadila Group Ahmedabad

"This camp has stimulated my daughters', (Janhavi and Janki) desire to succeed. They have come out as thinking persons; knowing their strengths and weaknesses. The best thing is that more than their strengths they are confident enough to admit their weaknesses with an equal confidence of transforming them into their strengths. They have discovered their potential and I have no doubts about their making it big".

> Mr. Dhruv D. Contractor Remik Group of Companies Ahmedabad

THE INSTITUTE

Entrepreneurship Development Institute of India (EDI), Ahmedabad is an autonomous and not-for-profit institution, set up in 1983 and sponsored by apex financial institutions, IDBI, IFCI Ltd., ICICI Ltd. and the State Bank of India (SBI). EDI has been spearheading entrepreneurship movement throughout the nation with a belief that entrepreneurs need not necessarily be born but can be developed through well-conceived and welldirected activities.

Under the thrust area, Entrepreneurship Education, EDI has been progressively focussing on the development of its academic programmes to disseminate the essence of the institute's professional knowledge-base amongst entrepreneurs of tomorrow. Some of EDI's core activities under this thrust are Summer Camps for Youth and Children, Faculty Development Programmes, Researches and long term academic programmes which include Post-Graduate Diploma in Business Entrepreneurship and Management and Post-Graduate Diploma in Management of NGOs.

In addition to the present 'Children Camp' as of now the Institute has trained 418 youth in its 13 Summer Camps on Entrepreneurial Adventures. In view of EDI's expertise in Entrepreneurship, Gujarat Textbook Board assigned to it the task of developing text books in Entrepreneurship for 11th and 12th standards. In its Faculty Development Programmes,

around 814 teachers have developed their skills to conduct Entrepreneurship courses effectively. The Institute plans to establish a network of Entrepreneurship Cells on college campuses. University Grants Commission had also assigned to EDI, the task of developing Curriculum on Entrepreneurship. The Institute has earned a great deal of national and international reputation by way of its entrepreneurship development efforts. It has also been selected as a Member of the Economic and Social Commission for Asia and Pacific (ESCAP) Network of 'Centres of Excellence for HRD Research and Training'. Sprawling EDI Campus has won the international award for Architecture and has latest

training equipment
