# Govt to come out with GMI network to boost MSME exports

PNS NEW DELHI

The government is setting up a global market intelligence (GMI) network to boost India's exports from the micro, small and medium enterprises sector, Union minister Narayan Rane said on Tuesday.

The Global Market Intelligence Network will act as a knowledge repository of export-related data on foreign markets and facilitate easier market access for MSME exporters.

According to estimates, India's MSME sector accounts for 45 per cent of its exports. There is a huge untapped potential to boost outward shipments from the segment. However, lack of credible trade-related data on overseas markets has been one of the key bottlenecks impeding the MSME sector from realising its true export potential by tapping new opportunities. Addressing a summit organised by the Entrepreneurship

Development Institute of India (EDII), Rane said the government is keen to strengthen the MSME sector.

"Our focus is on providing easy credit, better technology support and access to the export markets. We want our MSME sector to become competitive and grow," the MSME minister said.

He shared that the MSME ministry "is coming out with a global market intelligence network that will help MSME exports".

"Our focus is on providing easy credit, better technology support and access to the export markets. We want our MSME sector to become competitive and grow," the MSME minister said.

He shared that the MSME ministry "is coming out with a global market intelligence network that will help MSME exports." The minister called upon all stakeholders to carve out a roadmap to make the MSME sector a vibrant growth engine for the country's economy.

## वर्ल्ड मार्केट इंटेलिजेंस नेटवर्क बनेगा

#### इससे निर्यात को मिलेगा बढ़ावा 🔳 एमएसएमई को मिलेंगे नए बाजार

#### एमएसएमई क्षेत्र का निर्यात बढ़ाने में ली जाएगी वर्ल्ड मार्केट इंटेलिजेंस नेटवर्क की मदद

#### नर्ड दिल्ली (भाषा)।

केंद्रीय मंत्री नारायण राणे ने मंगलवार को कहा कि सरकार सुक्ष्म, लघु एवं मझोले उद्यम (एमएसएमई) क्षेत्र से देश का निर्यात बढ़ाने के लिए वैश्विक बाजार आसूचना नेटवर्क (इंटेलिजेंस नेटवर्क) स्थापित कर रही है। वैश्विक बाजार 'आसचना नेटवर्क' विदेशी बाजारों पर निर्यात से संबंधित आंकडों के मामले में जान के भंडार के रूप में कार्य करेगा और एमएसएमई निर्यातकों के लिए आसान बाजार पहुंच की सुविधा प्रदान

मंत्रालय और एमएसएमई एंटरप्रेन्योरशिप डेवलपमेंट इंस्टीट्यूट आफ इंडिया (ईडीआईआई) द्वारा आयोजित शिखर सम्मेलन में सुक्ष्म, लघु एवं मझोले उद्यम मंत्री राणे ने कहा कि सरकार एमएसएमई क्षेत्र को

कहा, 'हमारा ध्यान आसान ऋण, बेहतर प्रौद्योगिकी सहायता और निर्यात बाजारों तक पहुंच प्रदान करने पर है। हम चाहते है कि

हमारा एमएसएमई क्षेत्र प्रतिस्पर्धी बने और विकसित हो।' राणे ने कहा कि एमएसएमई मंत्रालय एक वैश्विक बाजार 'इंटेलिजेंस नेटवर्क' स्थापित कर रहा है जो एमएसएमई निर्यात में मदद करेगा। एक अनुमान के

मजबूत बनाने को लेकर गंभीर है। उन्होंने अनुसार, देश का एमएसएमई क्षेत्र निर्यात में 45 प्रतिशत योगदान करता है। इस खंड से नियति बढाने की काफी संभावना है। हालांकि, व्यापार से संबंधित भरोसेमंद आंकडों की कमी प्रमुख बाधा है। इससे एमएसएमई क्षेत्र नए बाजार में अवसरों का उपयोग कर वास्तविक निर्यात क्षमता का उपयोग नहीं कर पा रहा। मंत्री ने सभी संबंधित पक्षों से एमएसएमई क्षेत्र को देश की अर्थव्यवस्था के लिए एक गतिशील विकास इंजन बनाने को लेकर रूपरेखा तैयार करने का आह्वान किया। उन्होंने कहा कि एमएसएमई को प्रतिस्पर्धी बनाने के लिए अधिक शोध और नवोन्मेष तथा नए व्यावसायिक विचारों की जरूरत है।

मंत्री ने कहा कि ईडीआईआई जैसे संस्थान एमएसएमई को नई ऊंचाइयों तक ले जाने में मदद कर सकते है।

Speaking at a summit organised by the MSME Ministry and Entrepreneurship Development Institute of India (EDII) on MSMEs' competitiveness and growth, the minister called upon all the stakeholders of the MSME ecosystem to charting out a roadmap for strengthening the competitiveness of the sector.

"Our focus is towards providing easy credit, better technology support, and access to the export market. We want our MSMEs to become competitive and grow in the era of globalisation," Rane said.

Importantly, the Global Market Intelligence System was part of one of the sub-components under the revised guidelines issued by the MSME Ministry for the International Cooperation Scheme in August last year. According to the guidelines, the system was proposed to act as a central knowledge repository of export-related data on foreign markets.

"It will provide simplified information on trade statistics, market access issues, and export potential indicators. It will further provide information on tenders and procurements globally and export orientation of MSMEs through the provision of specially designed Orientation Courses by specialised government institutions actively involved in the area of foreign trade," the guidelines read.

The International Cooperation Scheme has been in operation since 1996 to facilitate Indian MSMEs for their participation in international exhibitions,

trade fairs, buyer-seller meet etc. The scheme provides financial assistance on a reimbursement basis to the state and central government organizations, industry associations, and others associated with the promotion of the MSME sector.

"Ministry of MSME has been revising several policies conducive to the growth of MSMEs...We also have backward linkages such as cluster development and forward linkages for the market as the MSME Minister mentioned about international cooperation (scheme) for capacity building of exporters and also for Global Market Intelligence System," Mercy Epao, Joint Secretary – SME Division, MSME Ministry said at the summit.

#### MSME Ministry to set up Global Market Intelligence Network for MSME exports

By Neha Dewan, ET Online 。 Last Updated: Mar 29, 2022, 03:37 PM IST

Calling all stakeholders to chart out a roadmap to make the MSME sector a vibrant growth engine, Rane said that the sector can lead the growth once it becomes more competitive.

MSME Minister Narayan Rane on Tuesday said that the MSME Ministry will come up with a Global Market Intelligence Network to help MSME exports.

"We all want that micro should grow to become small and small to medium. Growth must be the only constant for MSMEs and they should grow to

become champions," the minister said while speaking at the Mega International Summit on MSMEs' Competitiveness and Growth in the capital.

The event was co-organised by the Ministry of Micro, Small and Medium Enterprises and Entrepreneurship Development Institute of India (EDII). The two-day summit, which has speakers from different countries, will focus on opportunities, challenges and growth prospects for the MSME sector.

Rane said that the focus has been to provide easy credit, better technology, support and access to the export market. "We want our MSME sector to become competitive and grow. We live in the globalised era. Our foreign mission industry bodies and MSME research institutes can help such units in this direction," he added.

Elaborating further on the significance of MSMEs, the minister said that the sector represents the growth engine of the economy. "It makes good contribution to the growth of the <u>GDP</u>, employment and exports. It is key to rural industrialisation. Our government under the leadership of PM <u>Narendra</u> <u>Modi</u> is attaching great importance to MSME," he stated.

Calling all stakeholders to chart out a roadmap to make the MSME sector a vibrant growth engine, Rane said that the sector can lead the growth once it becomes more competitive. "To achieve this aim, new research and innovation, new business ideas and workforce scale up will be needed," he said.

Bhanu Pratap Singh Verma, Minister of State, MSME mentioned that India with its focus on entrepreneurship, innovations and MSMEs is well placed at a remarkable time on account of interesting economic decisions and strategies. "The growth in the MSME sector is palpable and is manifesting itself in many ways all across the country. The primary reason behind this is progressive changes in the public policy," he stated.

Affirming his views, Sunil Shukla, Director General, EDII said that India is witnessing great changes now with MSMEs opening up to the digital world. "Access to tech, finance, product diversification, networking and sustained infrastructure remain some of the areas where entrepreneurs require hand holding, mentoring and grooming. The recent policies have targeted such areas and enabled growth of MSMEs not only in large cities but also semi urban areas," he said.

MSMEs form a pivotal part of the Indian economy, contributing 48% to exports and 30% to the GDP. There has been no respite for the sector which has been reeling under the impact of the pandemic followed by high input costs that has severely affected their bottom lines.

एमएसएमई मंत्रालय और एंटरप्रेन्योरशिप डेवलपमेंट इंस्टिट्यूट ऑफ इंडिया (ईडीआईआई) द्वारा आयोजित शिखर सम्मेलन में सूक्ष्म, लघु एवं मझोले उद्यम मंत्री राणे ने कहा कि सरकार एमएसएमई क्षेत्र को मजबूत बनाने को लेकर गंभीर है। उन्होंने कहा, "हमारा ध्यान आसान ऋण, बेहतर प्रौद्योगिकी सहायता और निर्यात बाजारों तक पहुंच प्रदान करने पर है। हम चाहते हैं कि हमारा एमएसएमई क्षेत्र प्रतिस्पर्धी बने और विकसित हो।"

राणे ने कहा कि एमएसएमई मंत्रालय एक वैश्विक बाजार 'इंटेलिजेंस नेटवर्क' स्थापित कर रहा है जो एमएसएमई निर्यात में मदद करेगा।

एक अनुमान के अनुसार, देश का एमएसएमई क्षेत्र निर्यात में 45 प्रतिशत योगदान करता है। इस खंड से निर्यात बढ़ाने की काफी संभावना हे।

हालांकि, व्यापार से संबंधित भरोसेमंद आंकड़ों की कमी प्रमुख बाधा है। इससे एमएसएमई क्षेत्र नये बाजार में अवसरों का उपयोग कर वास्तविक निर्यात क्षमता का उपयोग नहीं कर पा रहा।

मंत्री ने सभी संबंधित पक्षों से एमएसएमई क्षेत्र को देश की अर्थव्यवस्था के लिए एक गतिशील विकास इंजन बनाने को लेकर रूपरेखा तैयार करने का आह्वान किया।

उन्होंने कहा कि एमएसएमई को प्रतिस्पर्धी बनाने के लिये अधिक शोध और नवोन्मेष तथा नये व्यावसायिक विचारों की जरूरत है।

मंत्री ने कहा कि ईडीआईआई जैसे संस्थान एमएसएमई को नई ऊंचाइयों तक ले जाने में मदद कर सकते हैं।

राणे ने एमएसएमई को भारत की अर्थव्यवस्था का विकास इंजन बताया और देश की जीडीपी वृद्धि और रोजगार में इस क्षेत्र के योगदान का जिक्र किया।

उन्होंने कहा, ''यह (एमएसएमई क्षेत्र) ग्रामीण औद्योगिकीकरण के लिहाज से महत्वपूर्ण है...।''

एक अनुमान के अनुसार, देश का एमएसएमई क्षेत्र निर्यात में 45 प्रतिशत योगदान करता है। इस खंड से निर्यात बढ़ाने की काफी संभावना हे।

हालांकि, व्यापार से संबंधित भरोसेमंद आंकड़ों की कमी प्रमुख बाधा है। इससे एमएसएमई क्षेत्र नये बाजार में अवसरों का उपयोग कर वास्तविक निर्यात क्षमता का उपयोग नहीं कर पा रहा।

मंत्री ने सभी संबंधित पक्षों से एमएसएमई क्षेत्र को देश की अर्थव्यवस्था के लिए एक गतिशील विकास इंजन बनाने को लेकर रूपरेखा तैयार करने का आह्वान किया।

उन्होंने कहा कि एमएसएमई को प्रतिस्पर्धी बनाने के लिये अधिक शोध और नवोन्मेष तथा नये व्यावसायिक विचारों की जरूरत है।

मंत्री ने कहा कि ईडीआईआई जैसे संस्थान एमएसएमई को नई ऊंचाइयों तक ले जाने में मदद कर सकते हैं।

राणे ने एमएसएमई को भारत की अर्थव्यवस्था का विकास इंजन बताया और देश की जीडीपी वृद्धि और रोजगार में इस क्षेत्र के योगदान का जिक्र किया।

उन्होंने कहा, ''यह (एमएसएमई क्षेत्र) ग्रामीण औद्योगिकीकरण के लिहाज से महत्वपूर्ण है...।''

Union Minister for Ministry of Micro, Small and Medium Enterprises (MSME) Narayan Rane, inaugurated a two-day mega summit on MSME competitiveness and growth being organised by the Ministry of Micro, Small and Medium Enterprises (MSME) and Entrepreneurship Development Institute of India (EDII) in New Delhi today.

The two-day summit witness sessions and panel discussions on the enhancements, challenges and growth opportunities in the MSME sector and speakers and experts from India, Singapore, Peru, Lao PDR, Rwanda, Myanmar, Russia, Uzbekistan, Spain and Iran, will share their experiences at the summit.

The summit was also attended by entrepreneurs, academicians, policymakers, industry leaders, thought leaders, business chambers, industry associations, startups, social impact organizations, MSMEs and self-help groups from across the world.

Rane emphasised the significance of MSMEs in the GDP of the country. He said, "For a long time now, MSMEs have been working amidst minimum resources and yet making a significant contribution to the GDP of the country. It is, therefore, necessary that these growth accelerators are handheld and strengthened. In this direction, there has definitely been significant collective efforts to strengthen the sector. Various schemes of the government are directed towards opening up new avenues for MSMEs." He further said, "The Government has well ensured that the MSME sector receives an unhindered credit flow from financial institutions, technology support for development and modernization, access to export

markets, infrastructure facility, training and capacity building facility and welfare of the workforce.

On the occasion, Minister of State (MoS), MSME Bhanu Pratap Singh Verma said, "India, with its focus on entrepreneurship, start-ups, innovations and MSMEs, is well placed at a remarkable time on account of interesting economic decisions and strategies. The discernible economic growth is a testimony to MSME development and revival, especially post the most serious wave of the pandemic. I think I would be right in assuming, and announcing, that growth in the MSME sector is palpable, and is manifesting itself in many ways all across the country. The primary reason behind this, as I see, is progressive changes in the public policy."

Dr Sunil Shukla, Director General, Entrepreneurship Development Institute of India (EDII) said, "EDII has been closely associated with the Ministry of MSME on several important programmes and projects under cluster development, training and capacity building, research and policy advocacy. We look forward to imparting yet more scalability and extensibility to the MSME sector with carefully curated strategies."

During the summit, experts deliberated on subjects such as challenges and opportunities in the MSME sector amidst the Covid-19 pandemic, incubation/acceleration in MSME growth, the role of conducive policies and non-financial business development services in MSME competitiveness, and how MSMEs can work in consortia to achieve sustainability.

A special panel discussion has been lined up on 'People, planet, and profit in the light of MSME sector development'. Discussions will also revolve around MSMEs' competitiveness, internationalization of Indian MSMEs, technology and innovation, digital transformation of MSMEs, entrepreneurship ecosystem and emerging opportunities in the MSME sector, and gender and disadvantaged communities' entrepreneurship.

# Govt to come out with global market intelligence network to boost MSME exports: Rane

There is a huge untapped potential to boost outward shipments from the segment. However, lack of credible trade-related data on overseas markets has been one of the key bottlenecks impeding the MSME sector from realising its true export potential by tapping new market opportunities. Addressing a summit organised by the Entrepreneurship Development Institute of India EDII, Rane said the government is keen to strengthen the MSME sector. Our focus is on providing easy credit, better technology support and access to the export markets.

The government is setting up a global market intelligence network to boost India's exports from the micro, small and medium enterprises sector, Union minister Narayan Rane said on Tuesday.

The Global Market Intelligence Network will act as a knowledge repository of export-related data on foreign markets and facilitate easier market access for MSME exporters.

According to estimates, India's <u>MSME</u> sector accounts for 45 per cent of its exports. There is a huge untapped potential to boost outward shipments from the segment.

However, lack of credible trade-related data on overseas markets has been one of the key bottlenecks impeding the <u>MSME</u> sector from realising its true export potential by tapping new market opportunities.

Addressing a summit organised by the <u>Entrepreneurship Development Institute</u> of <u>India</u> (EDII), <u>Rane</u> said the government is keen to strengthen the <u>MSME</u> sector.

"Our focus is on providing easy credit, better technology support and access to the export markets. We want our <u>MSME</u> sector to become competitive and grow," the <u>MSME</u> minister said.

He shared that the <u>MSME</u> ministry "is coming out with a global market intelligence network that will help <u>MSME</u> exports".

The minister called upon all stakeholders to carve out a <u>roadmap</u> to make the <u>MSME</u> sector a vibrant growth engine for the country's economy.

To make MSMEs competitive, he said, there was a need for more research and innovation and coming out with new business ideas. The minister added that institutes like **EDII** can help the MSMEs scale up to new heights.

Describing MSMEs as the growth engine of India's economy, Rane highlighted the sector's contribution to the country's GDP growth and employment.

"It (MSME sector) is the key to rural industrialization. Our government under the leadership of Prime Minister Narendra Modi attaches great importance to MSMEs," he said.

According to the <u>Global Entrepreneurship Monitor India</u> survey 2021-22 which was anchored by <u>EDII</u>, India's entrepreneurial activity expanded in 2021 with its <u>Total Entrepreneurial Rate</u> amidst percentage of adults starting or running a new enterprise increasing to 14.4 per cent in 2021 compared to 5.3 per cent in 2020.

## MSME क्षेत्र का निर्यात बढ़ाने को वैश्विक बाजार intelligence network स्थापित करेगी सरकार

Updated 14 hours, 10 minutes ago

नई दिल्ली/नेशनल ब्यूरो। केंद्र सरकार सूक्ष्म, लघु एवं मझोले उद्यम (MSME) क्षेत्र को मजबूत करने की दिशा में कई अहम कदम उठाने शुरू कर दिए हैं। कोरोना काल में सबसे ज्यादा झटका खा चुके MSME क्षेत्र को मंदी से उबारने और सिक उद्योगों को पुनर्जीवित करने के लिए कई अहम फैसले लेने के साथ ही अब निर्यात को बढ़ावा देने के

लिए वैश्विक बाजार intelligence network स्थापित करने की भी तैयारी शुरू कर दी है, ताकि वे नए बाजार में अपने लिए अवसर तलाश सकें।

नेहरू संग्रहालय का भी बदला नाम, अब PM म्यूजियम के तौर पर होगी पहचान MSME मंत्रालय और एंटरप्रेन्योरिशप डेवलपमेंट इंस्टीट्यूट ऑफ इंडिया (EDII) की ओर से मंगलवार को यहां आयोजित शिखर सम्मेलन में यह जानकारी साझा करते हुए केंद्रीय सूक्ष्म, लघु एवं मझोले उद्यम मंत्री नारायण राणे ने कहा कि सरकार MSME क्षेत्र को मजबूत बनाने को लेकर गंभीर है। उन्होंने कहा कि देश के सकल घरेलू उत्पाद (GDP) में MSME के योगदान को नकारा नहीं जा सकता है। उन्होंने कहा कि लंबे समय से MSME न्यूनतम संसाधनों के मध्य काम कर रहे हैं। ऐसे में अब हमारा ध्यान MSME को आसान ऋण, बेहतर प्रौद्योगिकी सहायता और निर्यात बाजारों तक पहुंच मुहैया कराने पर है। हम चाहते हैं कि हमारा MSME क्षेत्र प्रतिस्पर्धी बने और विकसित हो।

कश्मीरी पंडितों को संबोधित करेंगे संघ प्रमुख मोहन भागवत राणे ने कहा कि MSME मंत्रालय एक वैश्विक बाजार intelligence network स्थापित कर रहा है जो एमएसएमई निर्यात में मदद करेगा। एक अनुमान के अनुसार, देश का MSME क्षेत्र निर्यात में 45 प्रतिशत योगदान करता है। अभी इससे निर्यात बढ़ाने की काफी संभावना है। लेकिन व्यापार से संबंधित भरोसेमंद आंकड़ों की कमी के चलते MSME क्षेत्र नए बाजार में अवसरों का इस्तेमाल कर वास्तविक निर्यात क्षमता का उपयोग नहीं कर पा रहा। उन्होंने सभी संबंधित पक्षों से MSME क्षेत्र को देश की अर्थव्यवस्था के लिए एक गतिशील विकास इंजन बनाने को लेकर रूपरेखा बनाने का आह्वान किया।

सीतारमण बोलीं- केजरीवाल सरकार के लिए बजट बनाना आसान क्योंकि... मंत्री ने कहा कि MSME को प्रतिस्पर्धी बनाने के लिए अधिक शोध और नवोन्मेष तथा नए व्यावसायिक विचारों की जरूरत है। उन्होंने कहा कि EDII जैसे संस्थान MSME को नई ऊंचाइयों तक ले जाने में मददगार हो सकते हैं। राणे ने MSME को भारत की अर्थव्यवस्था का विकास इंजन बताया और देश की GDP वृद्धि और रोजगार में इस क्षेत्र के योगदान का जिक्र किया। उन्होंने कहा कि MSME क्षेत्र ग्रामीण औद्योगीकरण के लिहाज से काफी महत्वपूर्ण है।

भगवंत मान का ऐलान- शिक्षकों से पढ़ाने के अलावा कोई अन्य काम नहीं लेंगे इस मौके पर EDII के महानिदेशक डॉ. सुनील शुक्ला ने बताया कि दो दिवसीय इस मेगा शिखर सम्मेलन में भारत, सिंगापुर, पेरू, लाओ पीडीआर, रवांडा, म्यांमार, रूस, उज्बेकिस्तान, स्पेन और ईरान आदि देशों के विशेषज्ञ अपने अनुभव साझा करेंगे। शिखर सम्मेलन में दुनिया भर से उद्यमियों, शिक्षाविदों, नीति निर्माताओं, उद्योग क्षेत्र से जुड़े थिंक लीडर्स, व्यापार, उद्योग संघ, स्टार्टअप, सामाजिक प्रभाव संगठन, MSME और स्व-सहायता समूहों के प्रतिनिधि भाग ले रहे हैं।

# MSME Sector को आगे बढ़ाने के लिए सरकार का नया कदम, ग्लोबल 'इंटेलिजेंस नेटवर्क' करेगी स्थापित

March 29, 2022

MSME Sector: केंद्रीय मंत्री नारायण राणे ने कहा कि सरकार सूक्ष्म, लघु एवं मझोले उद्यम क्षेत्र (MSME Sector) से देश का निर्यात बढ़ाने के लिये ग्लोबल इंटेलिजेंस नेटवर्क स्थापित कर रही है. ग्लोबल मार्केट

'इंटेलिजेंस नेटवर्क' विदेशी बाजारों पर निर्यात से संबंधित आंकड़ों के मामले में ज्ञान के भंडार के रूप में कार्य करेगा और MSME निर्यातकों के लिये आसान बाजार पहुंच की सुविधा प्रदान करेगा.

MSME सेक्टर पर रहेगा फोकस

एमएसएमई मंत्रालय और एंटरप्रेन्योरशिप डेवलपमेंट इंस्टिट्यूट ऑफ इंडिया (EDII) द्वारा आयोजित शिखर सम्मेलन में सूक्ष्म, लघु एवं मझोले उद्यम मंत्री राणे ने कहा कि सरकार एमएसएमई क्षेत्र को मजबूत बनाने को लेकर गंभीर है.

इंटेलिजेंस नेटवर्क कर रहा स्थापित

उन्होंने कहा, ''हमारा ध्यान आसान लोन, बेहतर प्रौद्योगिकी सहायता और निर्यात बाजारों तक पहुंच प्रदान करने पर है. हम चाहते हैं कि हमारा एमएसएमई क्षेत्र प्रतिस्पर्धी बने और विकसित हो.'' राणे ने कहा कि एमएसएमई मंत्रालय एक वैश्विक बाजार 'इंटेलिजेंस नेटवर्क' स्थापित कर रहा है जो एमएसएमई निर्यात में मदद करेगा.

## निर्यात में करता है 45 फीसदी योगदान

एक अनुमान के मुताबिक, देश का एमएसएमई क्षेत्र निर्यात में 45 प्रतिशत योगदान करता है. इस खंड से निर्यात बढ़ाने की काफी संभावना है. हालांकि, व्यापार से संबंधित भरोसेमंद आंकड़ों की कमी प्रमुख बाधा है. इससे एमएसएमई क्षेत्र नये बाजार में अवसरों का उपयोग कर वास्तविक निर्यात क्षमता का उपयोग नहीं कर पा रहा.

### विकास इंजन बनाने के लिए तैयार की रूपरेखा

मंत्री ने सभी संबंधित पक्षों से एमएसएमई क्षेत्र को देश की अर्थव्यवस्था के लिए एक गतिशील विकास इंजन बनाने को लेकर रूपरेखा तैयार करने का आह्वान किया. उन्होंने कहा कि एमएसएमई को प्रतिस्पर्धी बनाने के लिये अधिक शोध और नवोन्मेष तथा नये व्यावसायिक विचारों की जरूरत है.

मंत्री ने कहा कि ईडीआईआई जैसे संस्थान एमएसएमई को नई ऊंचाइयों तक ले जाने में मदद कर सकते हैं. राणे ने एमएसएमई को भारत की अर्थव्यवस्था का विकास इंजन बताया और देश की जीडीपी वृद्धि और रोजगार में इस क्षेत्र के योगदान का जिक्र किया. उन्होंने कहा, ''यह ग्रामीण औद्योगिकीकरण के लिहाज से महत्वपूर्ण है...''

Narayan Rane: MSME Ministry coming out with Global Market

# Intelligence System to support MSME exports

March 29, 2022 by indiaexpressonline\_ckh8kh

**Trade, import and export for MSMEs:** MSME Minister Narayan Rane on Tuesday said the government is coming out with a Global Market Intelligence System to support MSME exports. Speaking at a summit organised by the MSME Ministry and Entrepreneurship Development Institute of India (EDII) on MSMEs' competitiveness and growth, the minister called upon all the stakeholders of the MSME ecosystem to charting out a roadmap for strengthening the competitiveness of the sector.

"Our focus is towards providing easy credit, better technology support, and access to the export market. We want our MSMEs to become competitive and grow in the era of globalisation," Rane said.

Importantly, the Global Market Intelligence System was part of one of the sub-components under the revised guidelines issued by the MSME Ministry for the International Cooperation Scheme in August last year. According to the guidelines, the system was proposed to act as a central knowledge repository of export-related data on foreign markets.

"It will provide simplified information on trade statistics, market access issues, and export potential indicators. It will further provide information on tenders and procurements globally and export orientation of MSMEs through the provision of specially designed Orientation Courses by specialised government institutions actively involved in the area of foreign trade," the guidelines read.

The International Cooperation Scheme has been in operation since 1996 to facilitate Indian MSMEs for their participation in international exhibitions, trade fairs, buyer-seller meet etc. The scheme provides financial assistance on a reimbursement basis to the state and central government organizations, industry associations, and others associated with the promotion of the MSME sector.

"Ministry of MSME has been revising several policies conducive to the growth of MSMEs...We also have backward linkages such as cluster development and forward linkages for the market as the MSME Minister mentioned about international cooperation (scheme) for capacity building of exporters and also

for Global Market Intelligence System," Mercy Epao, Joint Secretary – SME Division, MSME Ministry said at the summit.

The Summit brought forth some of the needs and concerns of MSMEs across countries. These were highlighted as the need and access to sustainable infrastructure, consortia approach to business, business development service, finance, technology, training, product diversification, marketing and branding, skilled labour and simplified regulatory mechanism.

#### Highlighting two of the important sessions:

 $\cdot$  Topic : MSME Challenges and Opportunities in the era of COVID 19 Pandemic & the Role of Incubation/Acceleration in MSMEs Growth

Speaker: Ms. Alka Arora, IAS (JS-ARI) Ministry of MSME, Govt. of India

Panelists: Shri S.B Dangayach, Founder Trustee of Innovative Thought Forum, Ahmedabad, Gujarat; Dr. Manish Dewan, Head, Strategic Partnership & Entrepreneurship Development, BIRAC, DBT, Govt. of India and Dr. Poonam Sinha, Director, National Institute of Entrepreneurship and Small Business Development and Head Regional Centre of Dehradun (NIESBUD), Noida.

Ms. Alka Arora opined that COVID 19 had created difficult conditions and situations for almost every sector. "On the turf of business, the worst hit were the MSMEs which are not so rich in resource reserve and have, therefore, been noticeably pressured under the consequences of COVID 19. The MSMEs were affected on several fronts; such as raw material supply chain, labour, financial support, markets and exports and many other critical areas of business. Yet there were some entrepreneurs who thought differently and revisited the scalability and the viability of their business models so that appreciable and achievable

evaluations and estimations could be reached. The Govt. also rose to the occasion and announced amiable policies. Atmanirbhar Bharat Abhiyan came in as a ray of hope for Indian MSMEs. While supportive policies are being floated, the dream of becoming 'self-reliant' through the upliftment of 'local' industries is possible with entrepreneurs thinking innovatively, becoming proactive and planning strategically."

· People, Planet and Profit in the Light of MSME Sector Development

Speaker: Dr. K. Rangarajan, Prof., Indian Institute of Foreign Trade, Kolkata

Panelists: Mr. Rahul Dev, Senior Journalist and Former Honorary Advisor with Speaker's Research Initiative, Parliament of India; Mr. Krishan Mishra, Country Head International, Becker Professional Education, India and Mr. Raminder S. Rekhi, Consultant, Non-Farm livelihoods, National Rural Livelihood Mission, MoRD, Govt. of India.

Dr. Rangarajan brought forth the significance of MSMEs to an economy in terms of poverty reduction, job creation, international trade promotion and other critical parameters of growth. He explained how MSMEs have, therefore, been supported and stimulated to develop, expand, and render stronger support to the economy. It so evolved that People, Planet and Profits vis-à-vis MSMEs are important and can be understood as right orientation, sustainable and environment friendly business models which ultimately lead to profit. Entrepreneurs have to be concerned about the environment. Profits are just an outcome of the work they deliver with the right mindset.

వివరించారు. ఎంట్రబ్రెన్యూర్ష్షిప్ డెవలప్ మెంట్ ఇనిస్టిట్యూట్ ఆఫ్ ఇండియా (ఈడీఐఐ) నిర్వహించిన సదస్సులో పాల్గొన్న సందర్భంగా మంత్రి ఈ విషయాలు చెప్పారు.

గణాంకాల ప్రకారం.. భారత ఎగుమతుల్లో దాదాపు 45 శాతం వాటా ఎంఎస్ఎంఈ రంగానిదే ఉంటోంది. అయితే, విదేశీ మార్కెట్లకు సంబంధించిన విశ్వసనీయ వాణిజ్య గణాంకాలు అందుబాటులో లేకపోతుండటం వల్ల చిన్న సంస్థలు తమ సామర్థ్యాల మేరకు ఎగుమతులు చేయలేకపోతున్నాయి. ఈ నేపథ్యంలోనే ఎంఎస్ఎంఈ రంగాన్ని పటిష్టం చేసేందుకు, రుణ లభ్యత పెంచేందుకు, మెరుగైన సాంకేతికత అందించేందుకు, ఎగుమతి మార్కెట్లను అందుబాటులోకి తెచ్చేందుకు ప్రభుత్వం ప్రత్యేకంగా దృష్టి పెడుతోందని ఎంఎస్ఎంఈ శాఖ మంత్రి అయిన రాణె వివరించారు.

ఎంఎస్ఎంఈ రంగాన్ని దేశ ఎకానమీకి చోదక శక్తిగా మార్చేందుకు తగు మార్గదర్శ ప్రణాళికను రూపొందించాలని సంబంధిత వర్గాలకు ఆయన సూచించారు. దీటుగా పోటీపడేలా చిన్న సంస్థలను తీర్చిదిద్దేందుకు మరింత అధ్యయనం, ఆవిష్కరణలు, సరికొత్త వ్యాపార ఐడియాలు అవసరమని రాణె చెప్పారు.
