# Rang Soota

---

In the cultural context of Gujarat, artisanal grace and creativity has always been revered. The work of artisans and craftspersons is deeply embedded in the cultural and social heritage of the state. This body of knowledge is unique and needs to be nurtured to ensure that it blossoms.

Rang Soota is a celebration of artists, their artistry and the hard work that writes a story for every piece of craft.

As artisans come together on one platform under Rang Soota, let us vow to recognize their ingenuity and untiring efforts in keeping us in touch with our tradition and culture.

Join us as we honour our artisans and encourage them to write even glorious stories through their unique work.
