

EDI

State appoints EDI as nodal institute for startups

TIMES NEWS NETWORK

Ahmedabad: To motivate startups in the state, industries department of the government of Gujarat has formed a State Level Implementation Committee (SLIC).

This committee has appointed Entrepreneurship Development Institute of India (EDI) as nodal institute for startups under the

startups/innovation scheme.

Budding start-ups having innovative ideas in the fields of agri-business, food processing, bio-technology, chemicals, plastics and manufacturing will benefit from counselling and guidance by EDI.

Potential ideas will be selected by a special screening committee formed by the institute.
