Say YES to Sustainable MSMEs in India

Promoting Environment Sustainability in MSMEs through
Energy Efficiency (EE) and **Occupational Health & Safety (OHS)**

Since inception, this first of its kind socio-environmental impact program has benefitted over 3,000 MSMEs, improving working conditions of over 22,000 workers & staff, and successfully reducing 6,000 metric tons of carbon emissions. The program, in partnership with Entrepreneurship Development Institute of India and Foundation for MSME Clusters, has scaled up meaningfully and now works across 11 states, 18 locations, and 13 industry sectors in India.
