Emergence of EDII

A Historical Perspective

EDII is...

An autonomous and not-for-profit Institute set up in 1983

Registered under the Societies Registration Act 1860 and Public Trust Act 1950

Promoted by all India financial institutions, viz. the IDBI Bank Ltd., ICICI Bank Ltd., IFCI Ltd. and State Bank of India, with support from the Government of Gujarat

Mission

To become a catalyst in facilitating emergence of competent first-generation entrepreneurs and transition of existing SMEs into growth-oriented enterprises through entrepreneurship education, training, research & institution building

EDII believes...

- Entrepreneurship is a vital tool that facilitates inclusive growth of society.
- Entrepreneurship education, training and counselling can hasten the emergence of progressive entrepreneurs.
- Entrepreneurship encourages youth to seek innovations and challenges, thus leading to optimal utilisation of resources and wealth creation.
- Increased incidence of entrepreneurship is an indicator of national economic growth.
- The nation can be placed on a high growth trajectory by unleashing its enormous growth potential.

Centres at EDII

EDII's mission has led to the emergence of several programmes under strategically planned centres to generate awareness, sensitise environment, strengthen institutional linkages and networking, and impart training in specialised areas.

- Undertakes capacity-building, in various facets of entrepreneurship, of around 300 professionals from nearly 60 developing countries, every year
- Implemented projects with support from the World Bank, Commonwealth Secretariat, UNIDO, UNDP, ILO, FNSt, British Council, Ford Foundation, European Union, ASEAN Secretariat, African Development Bank, etc.

Significant interventions that have steered policy formulations/replicable models

- Evolved the EDP model; widely being implemented as EDII-EDP model at national and international levels.
- Diversified the EDII-EDP Model after a three-year, three-state experiment to promote micro enterprises.
- Research on 'Review of Entrepreneurship Curricula in Higher Learning Institutions' helped University Grants Commission, Govt. of India in developing entrepreneurship curriculum for college-level education.
- Research on 'Entry Barriers to Entrepreneurship: As perceived by Youth', facilitated by the Ministry of Small Scale Industries & Agro and Rural Industries, Govt. of India in framing policy to establish Entrepreneurship and Business Development Centres in Universities.
- Introduced the industrial cluster development model (including cluster development executives' concept) leading to formulation of cluster development scheme.
- Founded the mechanism for inclusion of informal sector within the fold of cluster development archetypal.
- Pioneered the study on Business Development Services (BDS) market in India, thus giving recognition to the BDS market development approach in the country.
- Piloted the replicable model of creating cadre of Micro Business Counsellors to ensure survival and growth of existing enterprises.
- Designed an integrated, nationally replicable Start-up Village Entrepreneurship Programme.
- Played a key role in floating the concept of Rural Self Employment Training Institutes (RSETIs) to yield tangible results across the country. RSETIs have a significant national presence.
- Ensured replication of sectoral/subsectoral entrepreneurship development (ED) efforts to broadbase this development model for sunrise sectors.
- Instituted the first-ever project to sensitise/train Business Management Organisations. State governments are replicating the project with resounding success.
- Introduced the concept of urban poverty alleviation based on enterprise and entrepreneurship.
- Formulated policy-level interventions for entrepreneurship development in Cambodia, Laos, Myanmar and Vietnam.

We feel honoured...

"The universities and schools should become a facilitator for creating entrepreneurship scheme through support of the banking system and the marketing system. This will enhance value to education and create motivation for students. I am glad to know that EDII will now also strive to promote social enterprises and technologies targeted at problems of the needy. My greetings to the Institute."

EDII's Institutional Network

EDII Campus

The Government of Gujarat pledged 23 acres of land on which stands the majestic and sprawling EDII campus. EDII campus is one of the best maintained educational campuses in the world. The campus was awarded the prestigious 'Aga Khan Award for Architecture' in 1992. The award jury adjudged it to be a place with an "inviting environment for work, interaction and repose."

EDII Library and Information Centre

The EDIILIC is a technologically updated centre with facilities of internet and computerised database search facility, giving access to latest information globally. The highly specialised collection is closely linked with the training programmes and research conducted by EDII and encompasses subjects related to entrepreneurship training, management, behavioural sciences, economics, gender issues, rural development and voluntary organisations.

EDII Computer Centre

The Institute's computer centre is equipped with state-of-the-art technology, keeping pace with diverse educational, training and research endeavours. Adopting a user-friendly approach, the centre continually updates its software inventory which complements the latest training technologies used in the programmes. Wi-fi enabled campus with high-speed internet bandwidth and security. Facilitates Google Cloud-based utilities.

Infrastructure

The infrastructure comprises an auditorium, a conference hall, Board room, meeting rooms, classrooms and seminar halls with modern facilities and teaching aids, residence halls for students and national & international participants, canteen, sports ground and gym. Fully-equipped hostels for participants to make their stay comfortable and enjoyable.

EDII Faculty

The EDII faculty comprises researchers, academicians, consultants, extension officers and trainer-motivators. The core group is supplemented by visiting faculty from reputed academic institutions and professional organisations.
