

EDII

**EVENT - ENTREPRENEURSHIP DEVELOPMENT INSTITUTE OF INDIA**

Dr. J. N. Singh, Chief Secretary, Govt. of Gujarat, recently inaugurated the "HP WoW" vehicle which is a 20 seated computer and IT enabled vehicle powered by green energy and backed by numerous software suites and cloud integration. The HP-WOW bus will offer a mobility solution to help bridge the digital divide between urban and rural areas by bringing easy information technology access to the isolated and disadvantaged groups in 18 villages of Ahmedabad, Gujarat. With added services of Common Service Centre (CSC), it will benefit the local population for a hassle free linkage to Government programs and initiatives. Also present on the occasion were Dr. Sunil Shukla, Director - EDII and Mr. Ashish Sahay, Head, CSR- HP Inc. India. The "HP World on Wheels" or (HP WoW) project sponsored by (HP) Inc.; and implemented by Entrepreneurship Development Institute of India (EDII), is part of HP's commitment to build and deploy 48 self-contained, Internet-enabled digital inclusion and learning labs in PPP model aimed at driving digital literacy, E education, Entrepreneurship training, and other citizen services in rural India.
