EDII youth camp to push skill devpt

DNA Correspondent
correspondent@dnaindia.net

To equip the youth with entrepreneurial traits of risk-taking, creative thinking and conflict management, the Entrepreneurship Development Institute of India will be hosting a summer camp starting May.

This year, the institute has announced two camps on Entrepreneurial Adventures for Youth, scheduled from May 7-16 and May 26 to June 6 at EDII campus.

While the campus scheduled in May is open for people between 16-22 years, two other camps from April 29-May 4 and May 20-25 on Entrepreneurial Stimulation for Children between 12-16 years of age. The camp aims at tapping students' personality and factors that affect their development.
